ODOT, City of Salem to hold open houses on Salem River Crossing Project

SALEM—The public is invited to two open houses hosted by ODOT and the City of Salem to learn about preliminary concepts for crossing locations, improvements to the existing bridges, and other ideas for handling congestion and to offer comments on congestion improvements.

- Tuesday, June 26, 5:00 – 8:00 p.m., First Baptist Church, 395 Marion Street NE, Salem. Presentations at 5:30 p.m. and 7:00 p.m.
- Wednesday, June 27, 5:00 – 8:00 p.m., Roth's Hospitality Center, Oregon Room, 425 Glen Creek Road NW, Salem. Presentations at 5:30 p.m. and 7:00 p.m.

The same information will be presented on both days and presentations will be made at each of the open houses at 5:30 p.m. and 7:00 p.m. Project managers and Task Force members will be available throughout the evenings to discuss the project, answer questions and receive comments.

The Salem River Crossing Project is being conducted by the City of Salem and ODOT to develop solutions for crossing the Willamette River in the Salem-Keizer metropolitan area that meet transportation needs, are compatible with the built and natural environments and have broad community and regional support. The project will build on results of previous studies and will include development of an environmental impact statement (EIS) and a funding strategy to move any identified solutions toward implementation.

The task force of 22 citizens was appointed by the City of Salem and ODOT to help develop recommendations for river crossing solutions. Members of the task force include leaders of

neighborhood and civic groups on both sides of the river, public agency staff and representatives of interest groups with a stake in the project.

For more information on Salem River Crossing, please visit the project website at www.salemrivercrossing.org.
